John,

Please note, I am the sole officer/director of Seattle Citizens Against the Tunnel, there are no other officers of it, I am the sole registrant of it, and I am the sole holder/signer on the bank account for SCAT. Therefore I do believe that under those circumstances that it is permissible for me to submit a notice of appearance. I am not attempting in any way to represent Protect Seattle Now, however as a member of that association SCAT has every right to be notified about every thing occurring in this matter - hence the "double down", serving the request for notice that was also filed.

Elizabeth Campbell
