Subject: Stakeholder Advisory Committee Meeting Update

Stakeholder Advisory Committee:

We want to take this opportunity to thank you again for your 13 months of hard work and dedication to this process. Based on your overwhelming response and input on replacement options, we are continuing our review of the scenarios. A final recommendation from the Governor, King County Executive and Mayor will be made by the end of this month.

Due to the highly productive meetings held in November and December we are not holding a meeting next Thursday, January 15. For your reference we have attached the summaries from the bored tunnel briefing on December 16 and the Stakeholder Advisory Committee meeting on December 18.

As always if you have additional comments or concerns, please feel free to contact us or e-mail the project at viaduct@wsdot.wa.gov.

Regards,

Ron Paananen, Deputy Administrator
Urban Corridors Office
Washington State Department of Transportation

Ron Posthuma, Assistant Director
King County Department of Transportation

Robert Powers, Deputy Director
Seattle Department of Transportation
